

生物多様性を支えるもの What maintains biodiversity

生物多様性	Biodiversity
自然環境	Natural environment
生物資源利用の技・文化	Techniques & cultures to utilize bio resources
暮らしの場	Sphere of livelihood

2

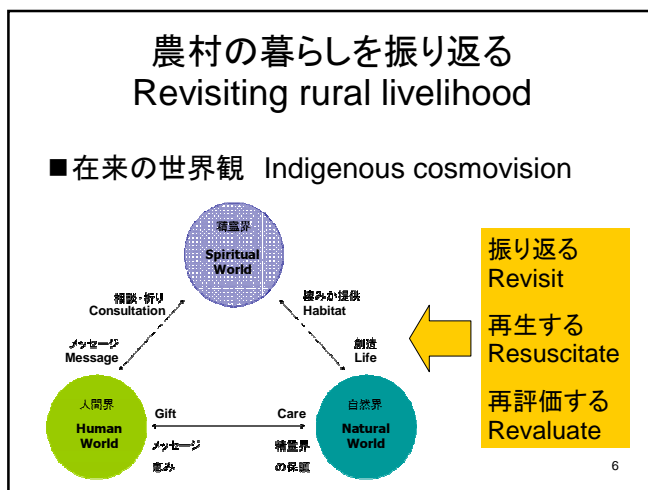

生物資源管理の復興 Restoration of bio resource management

ジンバブウェ伝統的環境保護者協会
The Association of Zimbabwe Traditional Environmental Conservationists (AZTREC)

【目的 Purpose】
植民地期から破壊されてきた固有の自然環境と在来の知識体系 (IKS) の回復
To revive the natural environment and indigenous knowledge systems (IKS) being damaged since the colonial era.

ジンバブウェ Zimbabwe

儀礼・規範と自然環境の回復
Restoration of rituals, norms & nature

在来農法と自家採種
Indigenous agriculture & crop seed production

在来の食と伝統薬草
Local foods & medicinal herbs

都市部での注目
Attention in urban areas

取り組みの特徴
Characteristics of the initiative

- 生物多様性ゆえに気候変動に強い地域固有の自然
Local natural environment is resistant to climatic fluctuation.
- ひとびとの暮らし方のなかに埋め込まれていた技
The techniques have been embedded in the way of life.

持続的な住民主体の農村開発
(自尊、全体的なアプローチ、内発的なプロセス)
Sustainable rural development realized by community
with self-esteem, holistic approach & endogenous process

経験交流(日本・タイ、1999)
Exchange visit (Japan & Thailand, 1999)
